Risk factors pertaining to the issue	Please refer Page 77 of this Placement Memorandum
Loss Absorbency	<p>The present issue of Bonds is being made in pursuance of the Basel III Guidelines covering criteria for inclusion of Debt Capital Instruments as Tier 2 Capital (Annex 5) and Minimum Requirements to ensure loss absorbency of all non-equity regulatory capital instruments at the PONV (Annex 16) as amended or replaced from time to time. In the case of any discrepancy or inconsistency between the terms of the Bonds contained in any Transaction Document(s) (including this Placement Memorandum) and the Basel III Guidelines, the provisions of the Basel III guidelines shall prevail.</p> <p>The debentures may at the option of the RBI, be written off upon the occurrence of the PONV trigger event. PONV trigger event shall be as defined in the BASEL III Guidelines and shall be determined by RBI.</p> <p>Loss Absorption at the Point of Non-Viability ("PONV")</p> <p>(a) If a PONV Trigger (as described below) occurs, the Bank shall: 1. notify the Trustee; 2. cancel any coupon which is accrued and unpaid on the Bonds as on the write-down date; and 3. without the need for the consent of Bondholders or the Trustee, write down the outstanding principal of the Bonds by such amount as may be prescribed by RBI.</p> <p>(b) Following writing-off of the Bonds and claims and demands as noted above neither the Bank, nor any other person on the Bank's behalf shall be required to compensate or provide any relief, whether absolutely or contingently, to the Bondholder or any other person claiming for or on behalf of or through such holder and all claims and demands of such persons, whether under law, contract or equity, shall stand permanently and irrevocably extinguished and terminated. (c) The write-off of any Common Equity Tier I Capital shall not be required before the write-off of any non-equity (Additional Tier I &amp; Tier II) regulatory capital instruments.</p>
Point of Non-Viability (PONV)	<p>(a) PONV Trigger Event is the earlier of:</p> <ol style="list-style-type: none"> <li>1. a decision that a permanent write-off without which the Bank would become non-viable, is necessary as determined by the RBI; and</li> <li>2. the decision to make a public sector injection of capital, or equivalent support, without which the Bank would have become non-viable, as determined by the relevant authority.</li> </ol> <p>(b) The amount of non-equity capital to be written-off will be determined by RBI.</p>

(c) The order of write-off of the Bonds shall be as specified in the order of Seniority as per this Placement Memorandum and any other regulatory norms as may be stipulated by the RBI from time to time.

(d) The write-off consequent upon the PONV Trigger Event shall occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted. The Bondholders shall not have any residual claims on the Bank (including any claims which are senior to ordinary shares of the Bank), following the PONV Trigger Event and when write-off is undertaken.

(e) The Bonds can be written-down multiple times in case the Bank hits the PONV Trigger Level subsequent to the first write-down. The Bonds which have been written down shall not be written up

(f) For these purposes, the Bank may be considered as nonviable if:

The Bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by the Bank should be such that these are likely to result in financial losses and raising the CET 1 capital of the Bank should be considered as the most appropriate way to prevent the Bank from turning non-viable. Such measures would include write-off of nonequity regulatory capital into common shares in combination with or without other measures as considered appropriate by the RBI.

(g) The Bank facing financial difficulties and approaching a PONV will be deemed to achieve viability if within a reasonable time in the opinion of RBI; it will be able to come out of the present difficulties if appropriate measures are taken to revive it. The measures including augmentation of equity capital through write off of Bonds/ public sector injection of funds are likely to: (i) Restore depositors'/investors' confidence; (ii) Improve rating /creditworthiness of the Bank and thereby improve its borrowing capacity and liquidity and reduce cost of funds; and (iii) Augment the resource base to fund balance sheet growth in the case of fresh injection of funds.

(h) Criteria to Determine the PONV

The above framework will be invoked when the Bank is adjudged by RBI to be approaching the point of nonviability, or has already reached the point of non-viability, but in the views of RBI:

- i) there is a possibility that a timely intervention in form of capital support, with or without other supporting interventions, is likely to rescue the bank; and
- ii) if left unattended, the weaknesses would inflict financial losses on the bank and, thus, cause decline in its common equity level.

(i) RBI would follow a two- stage approach to determine the non- viability of the Bank. The Stage 1 assessment would consist of purely objective and quantifiable criteria to indicate that there is a prima facie case of the Bank approaching non-viability and, therefore, a closer examination of the Issuer's financial situation is warranted. The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Bank is about to become non-viable. These criteria would be evaluated together and not in isolation. Once the PONV is confirmed, the next

	<p>step would be to decide whether rescue of the Bank would be through write-off alone or write-off in conjunction with a public sector injection of funds.</p> <p>(j) The PONV Trigger Event will be evaluated both at consolidated and solo level and breach at either level will trigger write-off.</p>
Other Events	<p><b><i>Treatment of Bonds in the event of Winding-Up:</i></b></p> <p>a. If the Bank goes into liquidation before the Bonds have been written-down, the Bonds will absorb losses in accordance with the order of Seniority as specified in this Placement Memorandum and as per usual legal provisions governing distribution in a winding up.</p> <p>b. If the Bank goes into liquidation after the Bonds have been written-down, the Bondholders will have no claim on the proceeds of liquidation.</p> <p><b><i>Amalgamation of a banking company: (Section 44 A of Banking Regulation Act, 1949)</i></b></p> <p>Subject to the provisions of the Banking Regulation Act, 1949 as amended from time to time:</p> <p>a. If the Bank is amalgamated with any other bank before the Bonds have been written-down, the Bonds will become part of the corresponding categories of regulatory capital of the new bank emerging after the merger.</p> <p>b. If the Bank is amalgamated with any other bank after the Bonds have been written-down permanently, these Bonds cannot be written up by the amalgamated entity.</p> <p><b><i>Scheme of reconstitution or amalgamation of a banking company:</i></b></p> <p>If the relevant authorities decide to reconstitute the Bank or amalgamate the Bank with any other bank under the Section 45 of Banking Regulation Act, 1949, the Bank will be deemed as non-viable or approaching non-viability and the trigger at the point of non-viability for write-down of Bonds will be activated. Accordingly, the Bonds will be written-down permanently before amalgamation / reconstitution.</p>
Repurchase/ Buy-Back / Redemption	<p>The Issuer may at any time, subject to the following conditions having been satisfied and such repayment being otherwise permitted by the then prevailing Basel III Guidelines, repay the principal amount of the Bonds by way of repurchase, buy-back or redemption:</p> <p>(a) the prior approval of RBI shall be obtained;</p> <p>(b) the Issuer has not assumed or created any market expectations that RBI approval for such repurchase/redemption/buy-back shall be given;</p> <p>(c) Issuer:</p> <p>(i) replaces the Bonds with capital of the same or better quality and the replacement of the Bonds is done at conditions which are sustainable for the income capacity of the Issuer; or</p> <p>(ii) demonstrates that its capital position is well above the minimum capital requirements after the repurchase / buy-back / redemption;</p> <p>(d) any other pre-conditions specified in the Basel III Guidelines at such time have been satisfied.</p> <p>Such Bonds may be held, reissued, resold, extinguished or surrendered, at the option of the Issuer.</p>
Discount	<p>The Bonds shall be subjected to a progressive discount for capital adequacy purposes in accordance with the Basel III Guidelines.</p>
Basel III Guidelines	<p>RBI Master Circular RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated April 01, 2022 on Basel III Capital Regulations (“<b>Master Circular</b>”) issued by the Reserve Bank of India covering <i>inter alia</i> the terms and conditions for issue of Tier 2 Bonds for inclusion in Tier 2 Capital.(Annex 5 of the Master Circular) and minimum requirements to ensure loss absorbency of all non-equity regulatory capital instruments at PONV (Annex 16 of the Master Circular) other relevant circulars issued by the RBI from time</p>

	to time.
SEBI NCS Regulations	The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, (" <b>SEBI NCS Regulations</b> ") dated August 09, 2021 and SEBI Operational Circular. The Bonds are Basel III Tier 2 Bonds issued under the issuance and listing framework given in the SEBI NCS Regulations read with the SEBI Operational Circular and all other relevant circulars issued by SEBI.
Governing Law & Jurisdiction	The Bonds are governed by and shall be construed in accordance with the existing laws of India. Any dispute arising thereof shall be subject to the jurisdiction of courts of Mumbai, Maharashtra.
Undertaking for obtaining consent from earlier/prior creditor for creation of security	Not Applicable. The Bonds are unsecured in nature and hence no permission or consent from any earlier creditor is required for any security creation.
